3.2 13 One Day Online Trainings on Civil Case Management Rules held from Jan 2021 to 30th June 2021 for CJs

The Courts of Civil Judges has an important role in the overall reflection and performance of the district judiciary. The Constitution of Pakistan guarantees speedy and in-expensive justice for all and sundry but unfortunately the civil justice system suffers from high cost of litigation, complexity, delay and frustration in lengthy trials, may be due to many reasons. It is not surprising that early identification of cases, settlement of issues, summary judgments and scheduling & conferencing of cases helps in resolving disputes expeditiously and in a timely manner as provided in the CPC Case Management Rules 2018 which not only provides a remedy against delay but also reduces the stress of the litigants and enhances the performance of the district judiciary. In compliance of the directions of the Hon'ble Peshawar High Court, the Khyber Pakhtunkhwa Judicial

Academy started a series of online training courses on case management for civil judges from February 8, 2021 and onwards.

In the series of such activities, the Judicial Academy Peshawar conducted a training course in which thirty-two Civil Judges of the province participated in the subject course. The contents of this course included the conceptual explanation and importance of the pre-trial role of the judge. Mr. Ahmed Iftikhar, the then Director Instructions-II as resource person delivered an exhaustive online lecture on “Civil Case Management Rules”. In view of the rapidly changing scenario, the concepts of court and case management have gained prominence and if applied properly, it would not only enhance the capacity of the judicial officers in reducing the case backlog and restore the

confidence of the general public in the justice sector. The resource person highlighted the link between the court and case management rules and the practical modes for applying the

same. The training course will be highly beneficial for the participants to handle diverse cases with expertise by mastering the case and trials management techniques.

On February 10, 2021, the landmark judgment was given in which three important questions in the criminal trial of the mentally ill accused were resolved:

1. ***How should the trial Court deal with the plea of an accused that he/she was suffering from mental illness at the time of commission of offence?***
2. ***How should the trial Court deal with the claim that due to mental illness, an accused is incapable of making his/her defence?***
3. ***Whether a mentally ill condemned prisoner should be executed?***

Mr. Ashfaque Taj, the then Senior Director Administration gave 06 lectures on the subject to SCJ's & CJ's/JM's and Mr. Azhar Ali, Senior Director (Research & Publications) gave 05 training to the AD&SJs and highlighted that the purpose of conducting the online training program is to follow the directions of the Hon'ble Supreme Court of Pakistan that all the Provincial Judicial Academies including Federal Judicial Academy Islamabad shall arrange courses for trial court judges, prosecutors, lawyers and court staff
